The sample result sheet includes entry sections for all bow/gender divisions where national records are maintained. The information is the minimum required by the records department of GNAS. If required for a ident/GNAS No. or other purpose etc. further columns and/or rows can be added by the tournament organiser, Bow/gender divisions can also be deleted if there are no entries in that division. Scores entered in the unmarked and marked section will automatically transfer to the totals columns for final sorting. Sorting is done when all scores are in for a bow/gender division i.e. ladies barebow.

Using a mouse place curser on A15, hold down left button and drag to Q20 and release

With the selection highlighted for Arrowhead rounds

Go to Data - sort sort by column O decending - then column P decending - then column Q decending - sort

For FITA rounds, Go to Data - sort sort by column O decending - then column N decending - then column P decending - sort

Before sort

First name	Surname	Club	unmarked				marked				two day totals
